experience: [  
  { company: Windsor Circle Inc,  
    title: Jr. Web Designer,  
    start: 2015/01, end: 2017/05,  
    tasks: Built email templates to be used  
            within the Windsor Circle platform;  
            emails could be custom designed by the  
            client or Windsor Circle. Created HTML  
            emails for single send campaigns to  
            be executed within a given client's  
            ESP. Provided support for client  
            success managers in answering question  
            regarding client emails and best  
            practices. },  
  { company: JB Wood,  
    title: Contract Graphic Designer,  
    start: 2012/07, end: 2013/08,  
    tasks: Provided clients with logo,  
            print, layout and web design  
            solutions. Worked closely with clients  
            to create custom designs for their  
            given need and to ensure proper and  
            thoughtful execution. }
